

First Grade News
May 14, 2010

Religion: Jesus is the Good Shepherd and we follow him. He will always bring us back when we make a mistake, we must ask for forgiveness. Jesus works through our friends and parents to help bring us closer to God.

Language Arts: We have finished the last story in our anthology book. We will continue to review the skills for fluency and comprehension. We have been writing short stories and practicing combining sentences that have the same subject or predicate. Keep reading all summer long.

Math: Measuring in our new challenge in math. The children have been measuring using non-standard forms of measurement like unifix cubes and paper clips. They have been having fun comparing items in the classroom.

Science: We read about the seasons and the changes we observe. The new leaves on the trees and flowers blooming. We hear birds singing in the mornings. Our weather changes with our seasons. This week has been a great week to discuss the weather since we have experienced different weather through out the day.
